PROFESSIONAL SUMMARY

Aspiring Software and Full Stack Developer and highly motivated BCA student-cum-merit-holder.

Passionate about building scalable web applications, technical automation, and exploring innovative technology

EDUCATION

Bachelor of Computer Applications (BCA) - 2nd Year (2024 - 2027)

St. Xavier's College of Management & Technology, Patna

Ranked #1 in first year (2024-25) - Recipient of Academic Merit Certificate & Scholarships

TECHNICAL SKILLS

Programming Languages: Java, Python, JavaScript, C, C++, SQL, HTML5, CSS3

Frameworks & Libraries: React.js, Vite, Tailwind CSS, Express.js, Three.js, GSAP, Framer Motion

Tools & Platforms: Git & GitHub, Firebase Firestore, Firebase Authentication

PROJECTS

1. Automated PDF Generator for Student Results (Python)

Developed an automated solution using Python (Pandas, OpenPyXL, ReportLab/FPDF) to manipulate Excel spreadsheets containing extensive academic data and generate beautifully styled PDF report cards. Saves hundreds of manual hours for teachers with fully automated templating and formatting.

2. Interactive Full-Stack Portfolio Website

Created a 3D responsive portfolio showcasing project showcases, visual certifications, and interactive pages using React, Vite, Tailwind CSS, Three.js, GSAP animations, and a secure server-side Node.js setup. Includes Firebase integration, an interactive Virtual Agent powered by Gemini API, and admin controls.

ACHIEVEMENTS & EXTRACURRICULAR RECOGNITIONS

- BCA 1st Year Topper Certificate - Highly praised for academic excellence and discipline.
- Merit Certificate Winner - Awarded for scoring the highest CGPA/marks in Patna's premier college.
- Travel & Tech Enthusiast - Constantly learning advanced JavaScript frameworks and AI applications.
